Crossett Brook Middle School

Cara Robeck

Executive Director Vermont
Energy Education Program and
Montpelier Energy Advisory
Council Member

Anne Watson

Physics, Engineering and Math
Teacher at Montpelier High
School and Montpelier Energy
Advisory Council Member

RELATIONSHIPS

Welcome To The Crossett Brook Middle School Solar Walk!

Take the walking tour to learn all about solar energy and how CBMS became Vermont's *school solar leader*! Each sign was researched, written and designed by an 8th grade *Sustainability Science* student, class of 2014! Special thanks to our community partners including Waterbury LEAP, Sun Common and Wood & Wood Signs. Together, we are setting new standards for sustainable energy in schools...and how to educate our community about its importance!

Take the video tour! Use any QR Code Reader app on your iPad or cell phone to access student videos and learn more at each solar station!

Distinct Parts

TIMELINES

The rate at which the world works is not necessarily the rate at which the classroom works.

SAFETY

Time Slot (roughly)		Sunday 4/19/2009	
11:00- 1:00	Homeowner		
	(adult student)	Hubbard	
	Homeowner	Betsy Vanderlip	
	Vol Team (adult student)	Barry McPhee	Kyle Martin

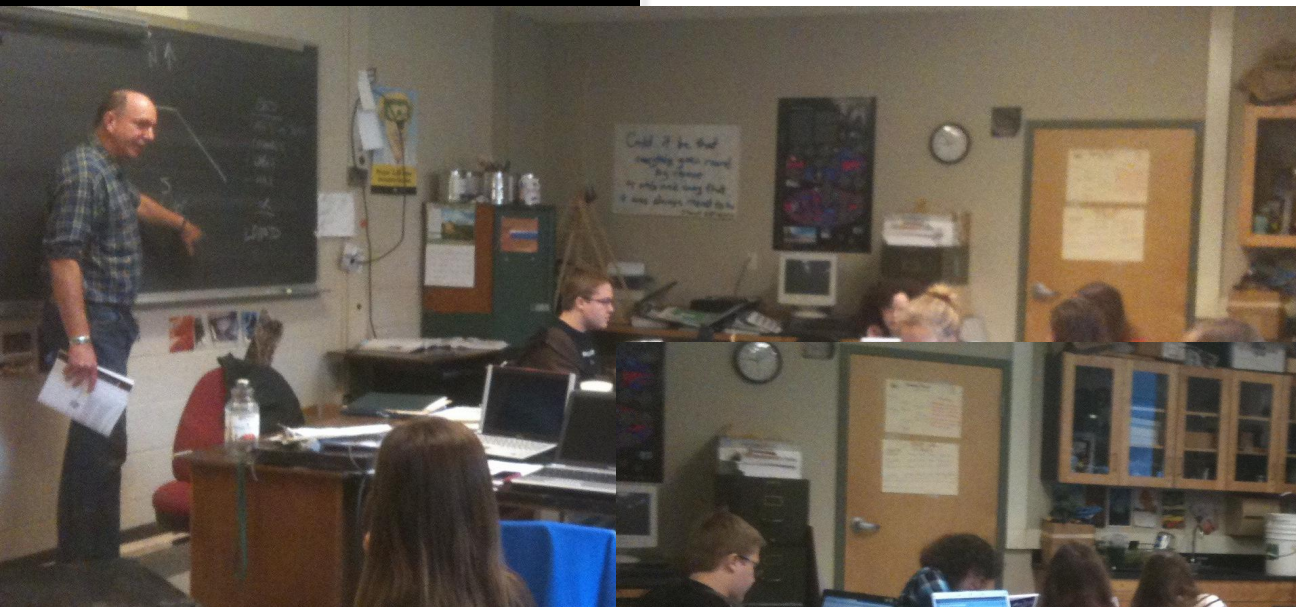

SCHOOLS MIGHT PROVIDE

Early-stage research

Research finite questions

Student-led public awareness

COMMUNITY GROUPS MIGHT PROVIDE

Grant proposals

Help with school projects

Help for students

Help for environmental clubs

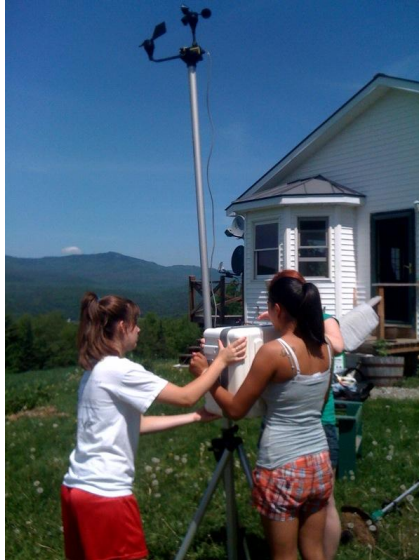

COMMUNITY GROUPS MIGHT PROVIDE

Grant proposals

Help with school projects

Help for students

Help for environmental clubs

WHAT ISN'T HELPFUL

Curriculum

Grunt-labor requests

False Assumptions

Age-inappropriate tasks

WHAT IS HELPFUL

Sharing expertise

Providing tools

Authentic Audience

Respecting students' priorities

Following teachers' timelines
